

Improve **patient care experience** through the Medacta Digital Healthcare Solution*

EDUCATIONAL CONTENTS

Support your patient throughout their surgical care journey by providing quality pre and post operative information and education.

CUSTOMIZED AGENDA

Ability to fully customise patient journey as defined by the surgeon and practice. Simplify the patient's experience with automatic reminders and alerts.

REHABILITATION SUPPORT

Daily reports to monitor patient recovery and rehabilitation through a complete digital solution (App + Wearable device) to increase patient well-being, compliance and satisfaction.
